**Table 2:** Correspondence between Argentine biogeographical provinces and districts and their predominant ecosystem types. References: Idem: indicates that the ecosystem classification at the district level coincides with that of the corresponding province.

Provincias Biogeográficas	Ecosystem	Districto Biogeográfico	Ecosystem
Bosques Magallánicos	Cold temperate Nothofagus forests	Bosque Magallánico	IDEM
Bosques Valdivianos	Temperate rainforest	Valdiviano	IDEM
Paramo Magallánico	Subantarctic peatlands and tundra	Paramo Magallánico	IDEM
Comechingones	High altitude grasslands	Comechingones	IDEM
Paranaense	Humid subtropical forests and wetlands	de selva mixta	Subtropical mixed forest
		de los campos	Subtropical grassland
Bosque de Araucaria	Subtropical Araucaria forests	Bosques de Araucaria	IDEM
Esteros del Iberá	Large subtropical wetland system	Sabanas inundables del Paraná	Seasonally flooded savanna
		Río Uruguay	Riparian wetlands
		Delta del Paraná	River delta wetlands
Yungas	Subtropical montane forests	Selva de transición	Subtropical transitional forest
		Selva Montana	Subtropical montane rainforest
		Bosque Montano	Subtropical montane forest
Patagónica	Cold temperate steppe	Fueguina	Subantarctic forest–tundra mosaic
		Santa Cruz	Central Patagonian steppe
		Altoandina Austral	High Andean alpine tundra
		Chubut	Northern Patagonian steppe
		Patagonia Austral	Southern Patagonian steppe
		Patagonia Subandina	Sub-Andean Patagonian steppe
		Patagonica Occidental	Andean Patagonian forest–steppe ecotone
Altoandina Cuyana	High Andean alpine environments	Payunia Septentrional	Volcanic desert
		Payunia Austral	
		Diaguita	Dry intermontane shrubland
		Cuyano	Monte desert shrubland
Puna	High-altitude arid plateau	Huarpe	Arid Monte shrubland
		Jujeño	IDEM

**Table 2:** Correspondence between Argentine biogeographical provinces and districts and their predominant ecosystem types. References: Idem: indicates that the ecosystem classification at the district level coincides with that of the corresponding province (*Cont.* ).

<b>Provincias Biogeográficas</b>	<b>Ecosystem</b>	<b>Distrito Biogeográfico</b>	<b>Ecosystem</b>
Chaco	Subtropical dry woodlands	Chaqueño Oriental	Humid woodland
		Chaqueño Occidental	Dry woodland
		Chaqueño Serrano	montane woodland
Monte	Arid shrublands and deserts	Erémico	desert shrubland
		Prepuneño	Pre-Puna dry shrubland
		Septentrional	Arid shrubland with open woodlands
		Austral	Southern temperate steppe
Pampeana	Temperate grasslands	Uruguayense	Humid subtropical grassland–forest mosaic
		Pampeano Occidental	Dry grassland
		Pampeano Austral	Southern grassland
		Pampeano Oriental	Humid grassland
		Espinal	Temperate dry forests
Maule	Mediterranean forests	Pehuen	IDEM
Islas Malvinas	Subantarctic grasslands	Islas Malvinas	IDEM
		Georgias del sur
